

37th ANNUAL PUBLIC HEALTH SUMMIT

SUMMIT OBJECTIVES

Pest Management, theory, technique, and regulation are changing rapidly in the 21st century. Even the nature of pest problems and the pest themselves are evolving. The Annual Public Health Summit will bring you up to date on current issues and trends in pest elimination.

Anderson Pest Solutions sponsors this summit with the cooperation of the North Suburban Health Council and affiliate public health organizations.

WHO SHOULD ATTEND?

- Members of Public Health Agencies;
- Environmental Health Professionals;
- Pest Management Professionals;
- Individuals responsible for pest management training and supervision;
- Anyone responsible for food protection, vector control, property inspections or pesticide regulation.

ENROLLMENT / FEES

Space is very limited and fills quickly. Paid registrations will be accepted on a first-come-first-registered basis.

This summit will yield 6 hours of training credits for IDPH, LEHP, and OISC.

Cancellations received in writing before April 3rd, 2012 will be refunded.

Your cancelled check is your confirmation and receipt.

Visit us at www.AndersonPestSolutions.com and register online.

Registration Fee (includes lunch):

Public Health Officials: \$40.00
All others: \$120.00

CERTIFICATION RENEWAL: This summit has been approved by the Illinois Department of Public Health for re-certification of Certified Pest Control Operators in Illinois. Individuals certified under the Illinois Structural Pest Control Act must attend the entire summit to be eligible for re-certification credit.

SUMMIT AGENDA

7:00AM – 8:15 AM

REGISTRATION

8:15AM – 9:15AM

PUBLIC HEALTH IMPLICATIONS OF BEDBUGS — JEROME GODDARD

Jerome will discuss why bed bugs are indeed a pest of public health, and what current research has in store for the future.

9:15AM - 10:15AM

HIGH IMPACT SOLUTIONS, LOW ENVIRONMENTAL IMPACT — ROBERT CORRIGAN

Bobby will briefly discuss the risk mitigation decision (RMD), and sustainable rodent solutions that have little or no impact on the environment.

10:15AM – 10:30AM

BREAK

10:30AM – 11:30AM

ARTHROPODS AND HUMAN HEALTH — JEROME GODDARD

Jerome will discuss various arthropods of the Midwest, how they impact our health, and treatment strategies.

11:30AM – 12:15PM

LUNCH

12:15PM – 1:15PM

INVASION OF THE BROWN MARMORATED STINK BUG — CARL HINDERER

Carl will discuss the history of the invasive brown marmorated stink bug, the biology and habits that make it so challenging, current control methods, and future considerations.

1:15PM – 2:15PM

RODENTS: UPDATES FOR 2012 — ROBERT CORRIGAN

Bobby will update us on his challenges of rodent habits, rodent control, and the latest research associated with rodents.

2:15PM – 2:30PM

BREAK

2:30PM – 3:30PM

BEDBUGS: A PEST MANAGEMENT PROFESSIONAL'S PERSPECTIVE — TOM DOBRINSKA

Tom will provide samples of the different stages of bed bugs and evidence. He will also discuss plan development, and updated strategies in detection and treatment.
